# SHINE Supply Factsheet: Abdulaziz District, Banadir Region

## What is SHINE Supply?

SHINE Supply (2018-2021) is a component of the UK aid-funded Somali Health and Nutrition (SHINE) programme. SHINE aims to reduce mother and child deaths in Somalia and Somaliland by improving health and nutrition services. The SHINE Supply component mainly focuses on delivering an Essential Package of Health Services (EPHS), together with some health systems strengthening (HSS) initiatives.<sup>1</sup>

## SHINE Supply in Abdulaziz District

Abdulaziz District is in Banadir Region, Somalia, and has an estimated population of 91,493 inhabitants.<sup>2</sup> SHINE Supply's lead implementing partner in Abdulaziz District is Action Against Hunger (AAH). Core activities include assistance to the District Health Management Team to improve technical, management and logistical support for one Health Centre and a Stabilisation Centre for severely malnourished people in Forlalini Hospital.

## What we've achieved so far (to 31st December 2019)

### Supporting health facilities

**2**

health facilities

supported in Abdulaziz District to provide improved basic health and nutrition services

### Antenatal care (ANC)

**3,744**

ANC services

provided by the target Health Centre in 2019, with 354 women attending for ANC  $\geq 4$  times

### Facility-based deliveries

**884**

facility-based deliveries

provided by the target Health Centre in 2019, of which 7 were complicated deliveries

### Sexual & reproductive health

**176**

modern contraceptive methods

administered by the target Health Facility in 2019 (compared to zero at baseline)

### Vaccinations

**769**

Penta-3 vaccinations

administered to children by the target facilities in 2019

### Curative services

**7,597**

curative consultations

provided at the target facilities in 2019, of which 70% were female and 39% were children under 5 years
